

Description

Tablet trolley with battery charging function is used to store and easily charge tablets. It works perfectly in schools, universities, libraries or conference rooms, i.e. wherever there is a need to safely store and simultaneously charge tablets. The contents of the cabinets are protected by a door equipped with a lock. Moving the trolley is possible thanks to the 4 swivel wheels. WNT trolleys can store and charge up to 32 tablets and 1 laptop at the same time. Safety during charging is ensured by a fuse and specialized electronic systems. Inserts made of non-flammable foam allow you to store tablets and protect them from damage. Perforation on the stroller housing ensures proper air circulation inside. The trolley is covered with an 18 mm chipboard top, available in 6 colors of veneer. Standard trolleys available in 16 RAL colors.

Description

WNT

- 5-year warranty (according to the warranty conditions for Malow products).
- Trolley made of 0.8 - 2 mm thick sheet metal.
- Trolleys adapted to fast charging of tablets thanks to USB sockets with a voltage of up to 12 V and a current of up to 3 A. A fuse is used for overload protection.
