	Locker with legs available as a separate model. The legs are equipped with feet adjustable in the range of 0-10 mm, what help to level the cabinet.						
	A base with a seat is available at an additional cost. Adjustable 0-10 mm feet help to level, raise and stabilize the cabinet. The bases, apart from a place to sit, enable the installation of a shoe shelf. Various types of seats are available: wooden or PVC.						
	Roof is available at an additional cost. It helps to keep clean, in addition, the 22° angle of the roof prevents unwanted items from being left at the top of the locker.						
	A shoe shelf is available at an additional cost. This is an additional space for storing shoes. A perforated shelf allows water to drain away and speeds up the drying of the shoes.						

Description of markings

The 5-year warranty proves that we are confident in our products due to the high quality of execution and their reliability. We want you to feel safe and be satisfied with the cooperation with us.

The ISO certificate confirms compliance with standards and the high quality of products and services we offer.
