

Description

Multifunctional free-standing benches are an inseparable element of the cloakroom equipment. ŁSZ series benches are perfect for cloakrooms, corridors and canteens. The structure of the benches is welded from steel profiles, which makes it stiffer screwed ones. The comfortable seat is made of four wide and solid wood slats. The slats have been varnished with a colorless varnish, which facilitates cleaning and provides protection against moisture. There is a crossbar under the seat, which stiffens the frame and prevents the slats from bending. The great advantage of the ŁSZ series products are adjustable feet, which facilitate leveling and provide stability on an uneven floor.

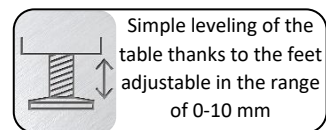

There are three bench options:

- benches with hooks: with double seats (ŁSZ 2 and 2a)
- benches with hooks with a single seat (ŁSZ 1 and 1a)
- single free-standing benches without hooks (ŁSZ 3 and 3a)

Characteristics

Cloakroom benches ŁSZ

- The benches are intended for dry and ventilated indoor spaces.
- 5-year warranty (according to the warranty conditions for Malow products).
- The benches are welded and delivered fully - no assembly required.
- Metal elements are made of closed profiles with dimensions 25 x 25 x 1.5 mm.
- The sturdy hooks are made of 6 mm thick wire.
- The benches have adjustable feet in the range of 0-10 mm to facilitate leveling.
- The seat consists of 4 varnished wooden slats, 22 mm thick and 70 mm wide.
- The slats are screwed to the bench with metal screws.
- Under the slats there is a central crossbar which stiffens the seat.
- The benches are available in 16 colors from the RAL palette at no extra charge.

Description of markings

The 5-year warranty proves that we are confident in our products due to the high quality of execution and their reliability. We want you to feel safe and be satisfied with the cooperation with us.

The ISO certificate confirms compliance with standards and the high quality of products and services we offer.

We offer 16 colors from the RAL palette - as standard. Therefore our furniture fits to any interior.

The use of zirconium coating technology provides a very good protection against corrosion. Additionally, this process improves paint adhesion.

We test lockers in our own laboratory, the Research and Development Center (CBR). This ensures that the tests are comprehensive and carried out correctly.
