

Description

The NSML cabinet with glass shelves is the optimal choice for medical offices, laboratories, pharmacies and hospitals. The contents of the cabinet are protected by a door equipped with a lock with two keys as standard. NSML cabinets come standard without wheels. Adding them requires purchasing a set of wheels and mounting them to the wardrobe. Castors can be purchased when ordering the wardrobe or during its use. Internal shelves made of 5 mm thick float glass, adjustable every 25 mm, making NSML cabinets universal in use. Optionally, it is possible to use metal shelves instead of glass shelves. Variants with metal shelves are ideal for offices. Swing doors filled with 4 mm thick tempered glass. The furniture does not require assembly, making it durable and stable. They have adjustable feet that allow you to level the furniture. NSML cabinets are characterized by a timeless design and at the same time ensure the safety of stored items - they meet the requirements of the GDPR.

Features

- 5-year warranty (according to the warranty conditions for Malow products).

Opis oznaczeń

A 5-year warranty proves that we are confident in our products due to their high quality and reliability. We want you to feel safe and satisfied with your cooperation with us.

As standard, we offer 16 colors from the RAL palette. Thanks to this, our furniture can be adapted to any interior.

The ISO certificate confirms compliance with standards and the high quality of the products and services we offer.

The zirconia technology used ensures very good anti-corrosion protection of the cabinets. Additionally, this process improves paint adhesion.

We test the cabinets in our own laboratory - the Research and Development Center (CBR).
