

Description

Thanks to its minimalist form and timeless design, STB tables fit perfectly into any interior. The solid legs of the table are equipped with levelling feet in the range of 15 mm, allowing levelling in any room. STB tables can be connected together using connectors. Thanks to the modularity of the STB tables, the number of configurations which can be built from them is unlimited. For greater comfort of use it is possible to order a metal cover covering covering the space under the table. The tabletop is made of 18 mm thick chipboard, which is easy to clean and available in 6 veneers as standard. The metal structure of the table is available in 16 RAL colours as standard. STB family furniture is equipped with cable passages. Dedicated pedestals Szp are available for the STB family. The desks have five-year guarantee! In the first period (24 months), the Guarantor is responsible for all manufacturing defects of the product. In the remaining period (36 months), the Guarantor is responsible for the functional properties of the product, such as the varnish coat and durability of connections of the product elements (welding).
